Achieving Better Life Experiences Act (ABLE)

Background

- 2014 - The ABLE Act was established to empower people with disabilities and help them save to cover the additional costs of living and working with a disability.
- Added Section 529A Qualified ABLE Program to the Internal Revenue Code
- Allowed states to create **tax-advantaged** savings and investment programs for people with disabilities.

ABLE Background

- An ABLE account **will not affect eligibility for means-tested benefits like SSI or Medi-Cal.**
- Allows individuals with disabilities to maintain public benefit status even while saving and investing above the established resource limit of \$2,000.
- The assets in your ABLE account are protected so people with disabilities can provide financial support for themselves and their families.

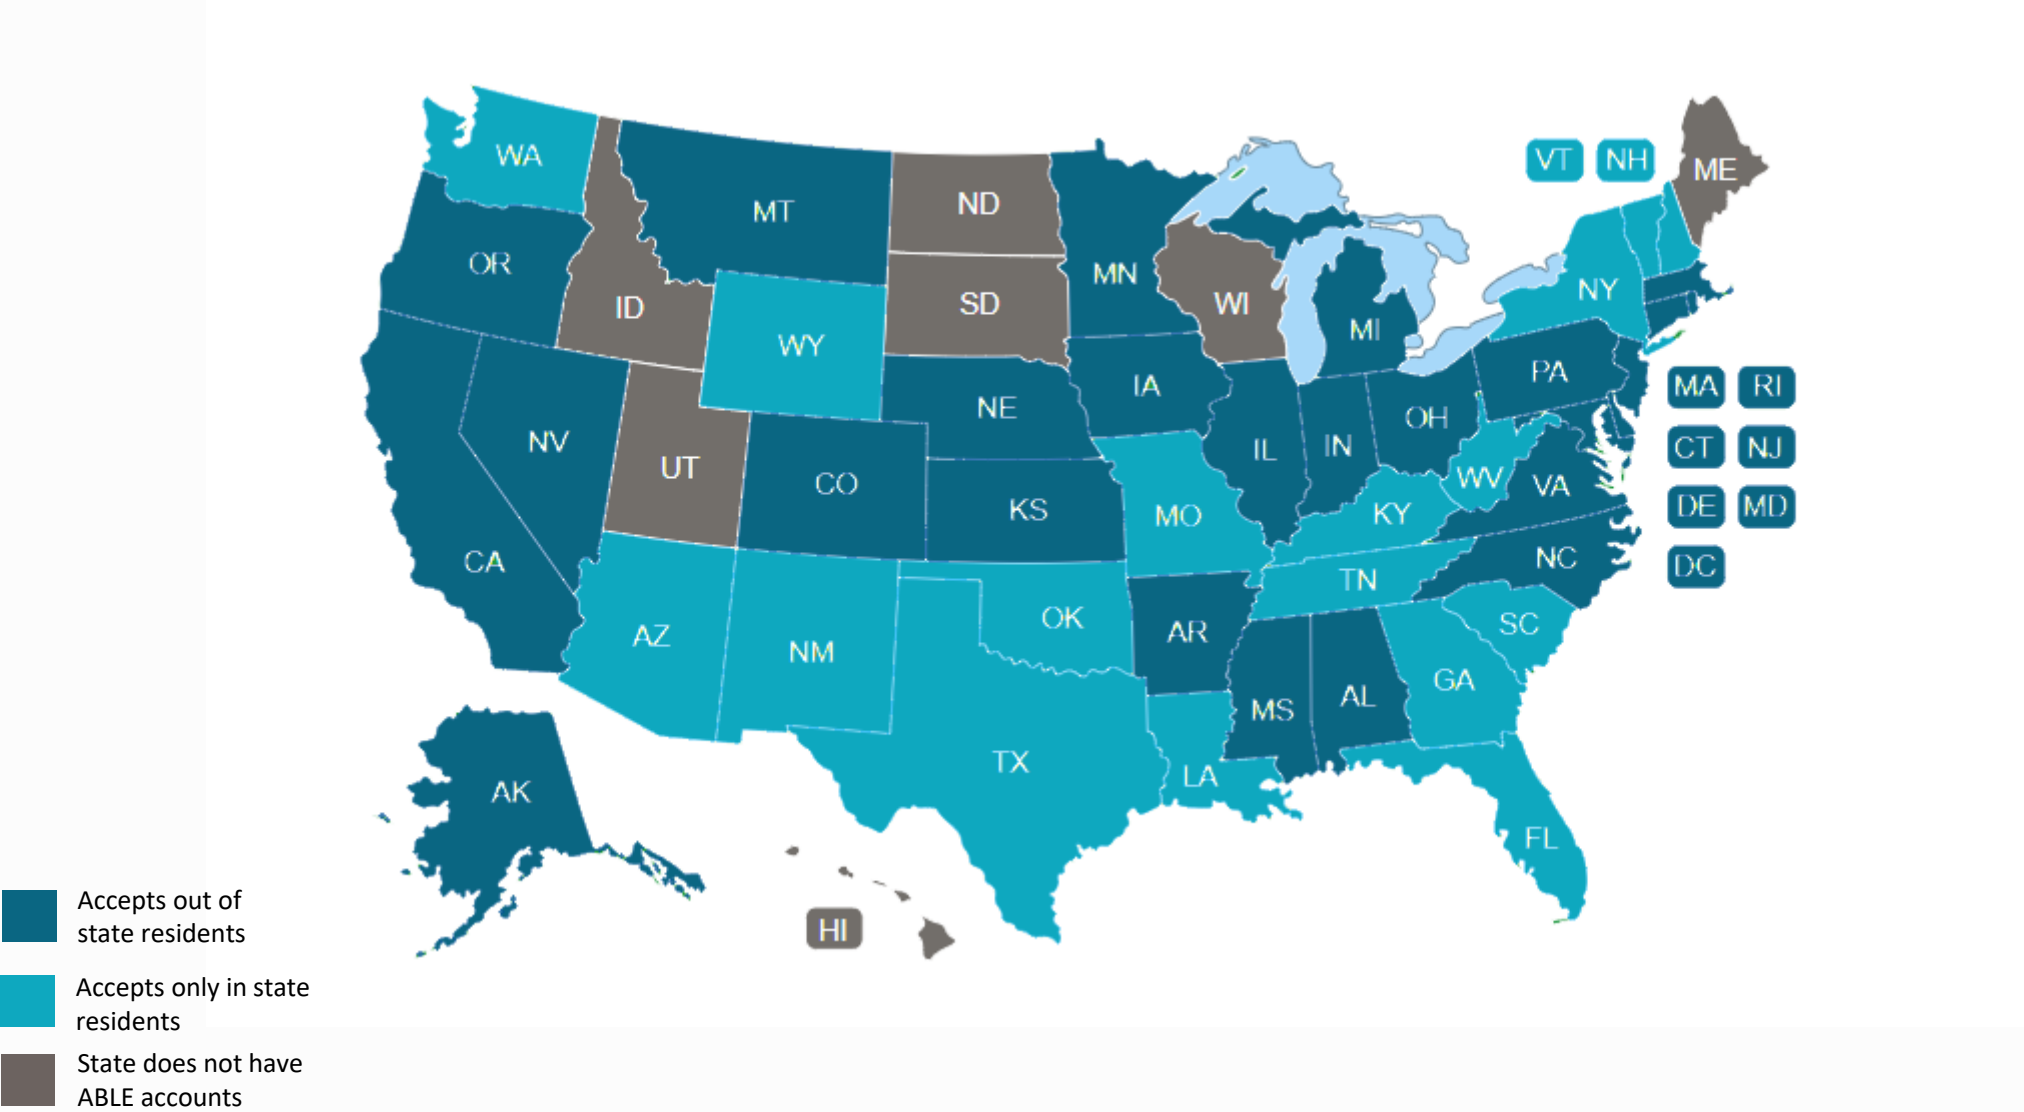

California ABLE Act: “CalABLE”

CalABLE - California’s ABLE Program

- A national program and mirrors the federal law
- Online-based savings and investment program
- Program administered by the State Treasurer and overseen by seven-member Board
- Launched on December 18, 2018

United States ABLE Programs Map

ABLE Basics

Some ABLE Basics

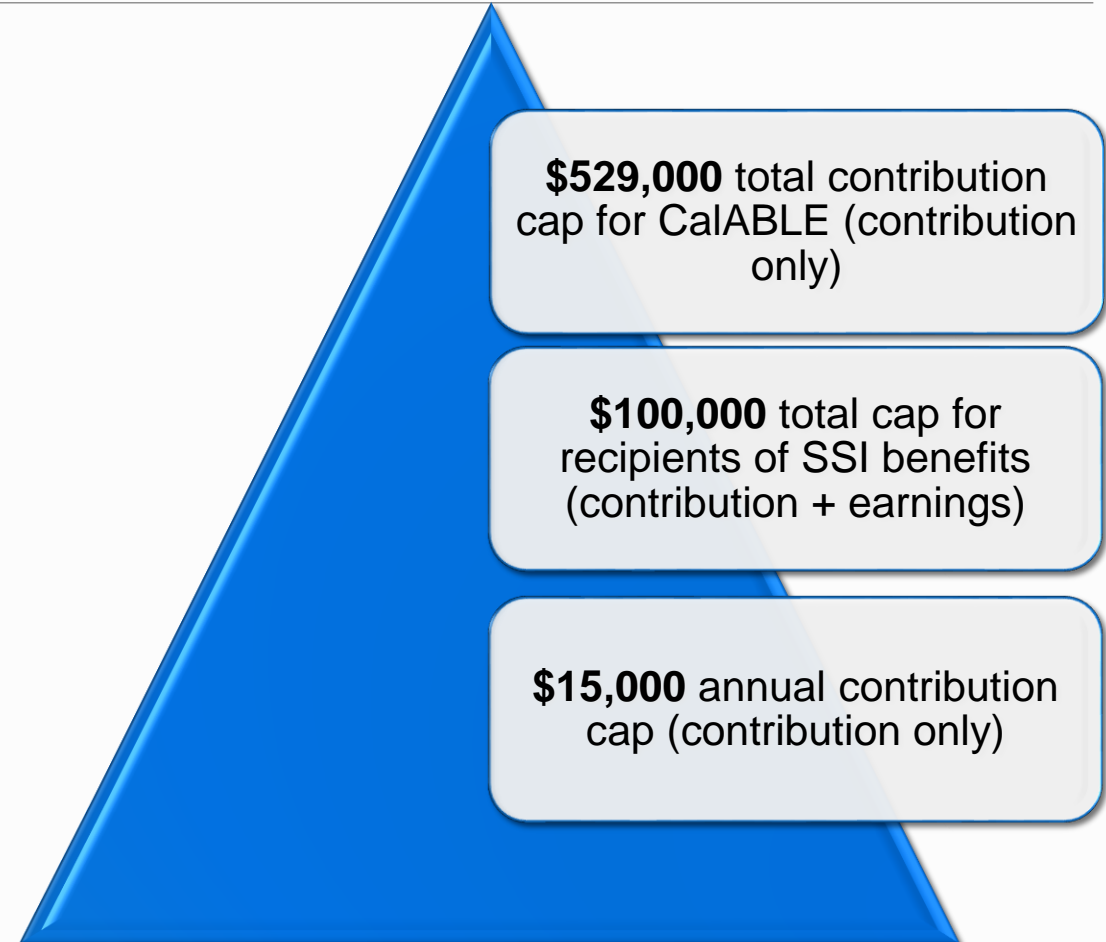

- Only one ABLE account
- Beneficiary is always the account owner
- Account can be opened by the beneficiary or an **Authorized Legal Representative** (parent, legal guardian/conservator, Power of Attorney)

Who is Eligible?

- Onset of disability before age 26 – **AND** –
- Meets the eligibility criteria for disability benefits like SSI or SSDI - **OR**-
- Self-certification: Has been diagnosed by a qualified physician with a physical or mental disability resulting in marked and severe functional limitations that is expected to last at least one year.
- Condition is listed on SSA's List of Compassionate Allowances or Blue Book Listings

Account Contributions

- Before the ABLE Act
 - A person with a disability could not save more than \$2,000 without impacting their SSI
- Now
 - You can save up to \$15,000 per year and up to \$100,000 in total before SSI is impacted
- CalABLE will automatically reject excess contributions

ABLE to Work

- Permits working account owners to contribute above the \$15,000 annual contribution limit, if they or their employer are not contributing to a retirement plan
 - Can contribute whichever is less:
 - Amount equal to annual gross salary – **OR** –
 - Federal Poverty Level (\$12,760 in 2021)
 - For a potential \$27,760 per year

How Do ABLE Accounts Work?

How Do ABLE Accounts Work?

- Accounts are designed to **protect assets**, but they cannot shelter income
- Function both like a savings or an investment account
- Anyone can contribute
- Funds are tax-exempt as long as they are spent on “Qualified Disability Expenses”

What is a Qualified Disability Expense (QDE)?

- Any expense related to the designated beneficiary as a result of living a life with disabilities that **helps maintain or improve your health, independence or quality of life**
- Categories are **intentionally broad**, and include education, **housing***, transportation, health care expenses and more
- **Non-QDE:** Not illegal, but if taken, expense is now subject to regular income taxes, plus a 10% tax penalty on account earnings – and benefits may be at risk (expense may now be considered a resource)

Housing Guidance

Reinforces the language and spirit of the Federal ABLE Act

- HUD will exclude:
 - ABLE funds in determining family income
 - Third-party contributions
 - The entire value of an ABLE account from household assets
 - Distributions from an ABLE account are not considered income

- Wage income received will be included as income

* *Withdrawal and payment of housing expenses must occur in the same calendar month to avoid problems with program benefits*

Protection from Medi-Cal Recovery and Creditors

- AB 688 (Calderon) passed in 2017:
 - Exempts ABLE accounts from enforcement of money judgements
- SB 218 (Dodd) passed in 2017:
 - Medi-Cal will not file a claim directly on the ABLE account. The state may recover on assets that have transferred from an ABLE account to an estate
- Account Protection only applies to California residents with a **CalABLE** account

What happens when an account owner passes away?

- Any outstanding QDEs may be paid using ABLE funds
- The account is then transferred into the deceased individual's estate.
- Medi-Cal will only attempt recovery if (**ALL** must apply):
 - The deceased was age 55 or older
 - The individual was a user of comprehensive Medicaid services (in home support, skilled nursing, etc.)
 - The individual's estate is required to go into probate (\$150,000 or more)
 - The individual is not survived by a spouse or children under 21 or a disabled child of any age

Investment Options

Saving and Investing

- Investments managed by TIAA-CREF
- Money can be deposited into an FDIC-insured portfolio or invested in any of three Target Risk Investment Options

Questions?

Disclaimer

Consider the investment objectives, risks, charges and expenses before investing in the California 529A Qualified ABLE Program (CalABLE Program). Please call toll-free 833-CAL-ABLE for a Disclosure Statement containing this and other information. Read it carefully.

Before investing in any ABLE program, you should consider whether your home state provides its taxpayers with favorable state tax or other benefits that are only available through investment in the home state's ABLE program. You also should consult your financial, tax, or other adviser to learn more about how state-based benefits (or any limitations) would apply to your specific circumstances. You also may wish to directly contact your home state's ABLE program, or any other ABLE program, to learn more about those plans' features, benefits and limitations. State-based benefits should be one of many appropriately weighted factors to be considered when making an investment decision.

The CalABLE Program is offered by the State of California. TIAA-CREF Tuition Financing, Inc. (TFI), program manager. TIAA-CREF Individual & Institutional Services, LLC, Member FINRA, distributor and underwriter.

None of the State of California, its agencies, TFI or TCS nor any of their applicable affiliates insures accounts or guarantees the principal deposited therein or any investment returns on any account or investment option, and you may lose the principal amount invested. The FDIC Insured Portfolio is FDIC-insured up to \$250,000, subject to certain restrictions. Interests in the CalABLE Program are not registered with or in any way approved by the Securities and Exchange Commission or by any state securities commission.

All social media platforms are managed by the State of California.

If funds aren't used for qualified expenses, the earnings portion of a non-qualified withdrawal is subject to federal income tax, possibly including the additional federal tax. Non-qualified withdrawals may also be subject to state and/or local income tax. For those beneficiaries subject to California income tax, the earnings portion of a non-qualified withdrawal is subject to California income tax and the additional California tax.

This CalABLE informational program was brought to you by the State of California's CalABLE Board. Any statements or opinions contained within are those of the State of California. Your experience may differ based on a variety of factors, including your own state-of-residence, your needs-based benefits, tax and financial circumstances. 1514982
